

Hi Friends,

We all know that Classic Colours is not dyeing the #5 Perle cotton any more. It has been a bit distressing for us, since we use so many colors in our stockings. However, I have been really comparing colors and working with Weeks to find great substitutions. Most of the colors have converted nicely to Weeks Perles, and 2 of them, they have specially dyed Perle to try to match.

You will notice that there are a few that I have simply suggested a DMC color as they may not be used very much. Here is the list below. You are always welcome to call or email me if you have a question.

To be honest, there are a number of these that we have been substituting for quite some time, since particular colors in Classic have totally changed since the original stocking was stitched.

Thanks so much,

Tina
